DESCRIPTION

Informatics Engineering graduate with a passion for web and mobile application development. Skilled in UI/UX design, front-end and back-end development, and committed to continuous learning and keeping up with the latest technology developments.

EDUCATION

Hasanuddin University
Bachelor of informatics Engineering | 2020-2025 | GPA 3.27

WORK EXPERINCE

Badan Pendapatan Daerah Provinsi Sulawesi Selatan Dec 2023 – Mar 2024
Makassar, Sulawesi Selatan

- Analyze archiving needs and create flowcharts for the user interface (UI) of a web-based archiving application.
- Implement UI displays in web-based applications using front-end technologies such as HTML, CSS, and JavaScript.
- Collaborated with back-end developers to integrate the API with the web interface so that data could be displayed correctly.

Kantor Wilayah Direktorat Jenderal Imigrasi Sulawesi Selatan Nov 2025 – May 2026
Makassar, Sulawesi Selatan

- Prepare supporting facilities for general activities such as meeting rooms, vehicles, and logistics.
- Monitor facility usage to ensure efficiency.
- Arrange routine maintenance of public facilities.
- Assist with office operational needs.
- Creating a Company Information System and Digital Services Website

PROJECT

Fungus Classification Mobile Application
Hasanuddin University, Gowa

Sept 2024 – Oct 2025

- Developed a mobile application to classify mushroom types using the Convolutional Neural Network (CNN) algorithm.
- Converted the trained model into TensorFlow Lite (TFLite) format for integration into an Android application using Flutter.

Company Information System and Digital Services Web
South Sulawesi Regional Office of
the Directorate General of Immigration, Makassar

Nov 2025 – May 2026

- Develop a website as an integrated and easily accessible immigration information media.
- Create an information system that is user friendly, responsive, and inclusive so that it can be used by all levels of society without exception.
- Improve the quality of information delivery to the public quickly, accurately and efficiently.
- Implement a sign language video-based Disability Mode to facilitate the delivery of information to people with disabilities, especially deaf people.

ORGANIZATION

Organisasi Kemahasiswaan Informatika Fakultas Teknik Universitas Hasanuddin
Head of Information and Communication Bureau
